PROFILE SUMMARY

I recently completed my Master's degree after finishing my Bachelor's degree. I have been learning technical skills through self-study and have worked on a few academic and personal projects to improve my knowledge. I am looking for an opportunity where I can learn, improve my skills, learn from others, and contribute to the team. I am a quick learner, ready to adapt to new technologies, and always willing to give my best in every task.

Open to Internship or entry-level opportunities in Software Development / Web Development. Ready to learn, adapt, and take on new challenges. Feel free to reach out via email.

EDUCATION

Bachelor's

Nandha Arts and Science College

2019 - 2022

Course :

- Computer Application

Master's

Erode Sengunthar Engineering College

2024 - 2026

- Computer Application

ACADEMIC PROJECTS

Mini Project

Campus Event Management System

- A web-based application developed to manage campus events and participant registrations. The system allows administrators to manage events and enables students to view and register for events easily.

Main Project

AI – Based Smart Campus Placement System

- A web-based placement management system that helps students, recruiters, and administrators manage the campus placement process. The system includes features such as job posting, student registration, resume management, AI-chatbot, and AI-based job recommendations.
